Work Experience

Frontend Developer April 2024 - Present

HoxWeb LLC I Prishtinë, Kosovo

- **Core Focus:** Frontend Development and UI/UX Design
- **Tools Proficiency:** JavaScript, React.js, Next.js, Figma
- Responsibilities and Achievements:**
 - Designing and developing responsive and visually appealing user interfaces for e-commerce platforms.
 - Collaborating with design teams to refine layouts, visual hierarchies, and interactive elements.
 - Translating UI/UX concepts into functional, high-quality frontend solutions.
 - Contributed to frontend development and customization of Shopware themes using JavaScript and related frameworks.
 - Managed the full project lifecycle, from requirement gathering, planning, and sprint execution to delivery and stakeholder reporting.

Web Developer January 2025 - July 2025

AlbiSoft GmbH I Prishtinë, Kosovo

- **Core Focus:** Web Development and UI/UX Design
- **Tools Proficiency:** JavaScript, React.js, Figma
- Responsibilities and Achievements:**
 - Design and implement user-centric interfaces tailored to project-specific and client-specific needs.
 - Skilled in JavaScript, TypeScript, React.js, for building scalable, maintainable web applications.
 - Contributed to the long-term success of projects, supporting continued use by diverse and active user bases.
 - Committed to delivering high-impact, sustainable frontend solutions that prioritize user experience.
 - Work effectively within cross-functional teams to ensure alignment with business objectives and technical requirements.

Software Developer September 2023 - June 2024

TelOs Labs LLC I Prishtinë, Kosovo

- **Core Focus:** Frontend Development
- **Tools Proficiency:** JavaScript/TypeScript, React.js, Next.js
- Responsibilities and Achievements:**
 - Dedicated to Frontend Development as a Software Developer
 - Customize solutions for each project and client, enhancing user experience.
 - Expertise in JavaScript/TypeScript, React.js and Next.js to meet project objectives.
 - Contribute to project longevity and widespread use.
 - Committed to impactful and sustainable frontend solutions.
 - Effective collaboration with project teams to meet client objectives.

Intern Software Developer March 2023 - September 2023

TelOs Labs LLC I Prishtinë, Kosovo

Position: Former Intern Software Developer to Junior Software Developer

- **Expertise:** Comprehensive Project Development, Frontend Development Focus

Responsibilities and Achievements:

- During my internship as a software developer, I concentrated on the end-to-end development of projects, from initial client contact to a thorough understanding of requirements.
- Proficient in optimal project planning, efficient task management, UX research, UI design, and seamless integration of frontend and backend logic.
- Hands-on experience with project management tools such as Jira, Kanban, and Agile, as well as design tools like Figma.
- Technical proficiency in JavaScript/Typescript and frameworks including React JS, Next.js, and Nest.js.
- Found the greatest value and passion in Frontend development, leading to a continued role as a Junior Software Developer with a specific focus on Frontend Development.
- Successfully transitioned from an intern to a valuable team member, showcasing dedication and expertise in software development.
